

NEWS FOR YOU: *Prosper In 2009!!*

Be Good To Yourself. Don't Procrastinate!

Surely you worked hard in 2008 and in years past. Now is the time to make all of your past efforts work in your favor. Don't let the fruit of your hard labor, such as your money, property and decision making power slip into the hands of the government and strangers. At a bare minimum, your estate planning should contain powers of attorney, authorization documents and a will in order to prevent such a tragic result. Undoubtedly, estate planning is good strategy. So, be good to your self. Don't procrastinate!

When Has Procrastination Ever Led To Prosperity?

Refresh and Re-New in 2009

A good strategy for the first month of the new year is to make sure that all of your legal and insurance information is up-to-date. Check all of your beneficiary information for your life insurance, annuities, retirement and financial matters. Every two or three years you should review and update your will, estate planning documents and your life insurance papers. Laws, policies at your job and circumstances in your life may have changed since you last completed your documents. Refresh, renew and stay current in 2009.

When Was The Last Time You Updated Your Legal Documents?

Volume I, Issue 4, Jan. 2009

May peace, prosperity, blessings and love be upon you and your loved ones in the New Year!!

You can qualify for a complimentary estate planning consultation with Attorney Lanchester. See below for details.
